

## CATTLE COMPLETE (8019)

Kelley's Cattle Complete is specially formulated to be a complete feed. It's a 12% protein, sweet feed mix that is a complete and balanced diet. Kelley's Cattle Complete is comprised of rolled grains, beet pulp shreds and concentrates with vitamins and minerals added to meet all of the nutritional requirements of cattle. All the needed roughage is built into this ration.

**Feeding Directions:** Feeding Kelley's Cattle Complete at 600 lbs until butcher weight, or throughout the animal's lifetime. Feed at the rate of 15-20 lbs per day or 2-3% of body weight. Make any changes to the ration over a 2-week period when switching from Kelley's Calf Grow or Kelley's Calf Starter, and slowly decrease the amount amount of hay that was previously being fed. Always provide clean water.
