

FEATURES

High-Quality Protein Sources

MEAT & BONE MEAL
SOYBEAN MEAL

High-Quality Energy Sources

COOKED CORN
WHEAT BRAN
GROUND WHEAT

Nutritionally Balanced Vitamins & Minerals

Chelated Minerals

BENEFITS

Proteins are the building blocks for a healthy animal. Proteins build and repair muscle, tissue and coat. Exceeds AAFCO nutritional levels. Easier to digest and assimilate in the small intestines

Energy is fuel for the body to work: growth, reproduction, lactation and other bodily functions. Cooked grain is easier to digest

Needed for key metabolic functions: enzymes activity, nerves and electrolytic balance

Minerals attached to proteins making them more bioavailable for the dog. Body functions more easily

ACE-HI MAINTENANCE DOG FOOD DIET is ideal for the less active or overweight mature dog. It is a complete and balanced dog food specially formulated to meet the nutritional requirements for the maintenance of adult dogs. This has been substantiated by testing performed in accordance with procedures established by The Association of American Feed Control Officials (AAFCO).

FEEDING DIRECTIONS

Amounts per day:

Weight of Dog

Amount of Food

Standard 8 oz Measuring Cup

7-14 lbs	1-2 cups
21-28 lbs	2-4 cups
35-42 lbs	5-6 cups
44-56 lbs	7-8 cups
63-70 lbs	9-10 cups

Self-feeding is an easy solution to the actual feeding of your dog. This proven and accepted plan places food before your dog at all times. Use a feeding bowl or self-feeder. This will save labor and your dog will eat when hungry. Always provide fresh water. Some dogs may not adjust to the self-feeding program and will have to be fed a controlled amount of food daily.

GUARANTEED ANALYSIS

CRUDE PROTEIN	Not less than	17.99 %	CRUDE FIBER	Not more than	4.9 %
CRUDE FAT	Not less than	8.2 %	ASH	Not more than	9.7 %

INGREDIENTS
