

DOGGY BITES
(3052)

Kelley's Doggy Bites is a 25% crude protein meat and rice based dog food with vitamins, chelated trace minerals and poultry fat. Kelley's Doggy Bites does not contain any soybean meal or corn products. Kelley's Doggy Bites is a complete nutritional diet suitable for all breeds and ages. Kelley's Doggy Bites meets or exceeds the nutritional requirements established by the American Association of Feed Control Officials (AAFCO).

Feeding Directions: Kelley's Doggy Bites can be fed dry or mixed with warm water or broth. Provide fresh clean water at all times. Feed free choice with a self feeder or limit feed as shown below:

WEIGHT OF DOG	MAINTENANCE (STANDARD 8 OZ MEASURING CUP)	GROWING/EXERCISE (STANDARD 8 OZ MEASURING CUP)
3-12 lbs	1/2-1 cup	1-2 cups
12-20 lbs	1-2 cups	2-3 cups
20-45 lbs	2-4 cups	3-5 cups
45-90 lbs	4-8 cups	5-10 cups
90+ lbs	1 cup per 10 lbs of body weight	

Pregnant dogs: Feed 50% more during the last 3 weeks based on body weight.

Puppies may be started on Kelley's Doggy Bites when they are 3-4 weeks old. Mix 1 cup of warm liquid with 2 cups of Kelley's Doggy Bites. Give them all they will eat in 15-20 minutes, about 4 times a day. From 3-6 months, feed them all they will eat 3 times a day. From 6 months to one year, gradually reduce feedings to a single daily feeding.

NOTE: When changing dog foods, in order to avoid drastic changes to the digestive system, allow several days for the dog to adjust to the new food by gradually mixing the different foods together.
