

Trout/Bass Production Diets

Complete and balanced rations using high quality fish-meal, animal proteins and energy sources. Added Stabilized Vitamin C and antioxidants are standard features in all Star Milling Co. Trout diets.

#7472 • 45% Trout Grow

Guaranteed Analysis

Crude Protein	not less than	45.00 PCT
Crude Fat	not less than	12.00 PCT
Crude Fiber	not more than	1.25 PCT
Ash	not more than	9.90 PCT

Minimum order required - Extruded

#7348 • 42% Trout Grow

Guaranteed Analysis

Crude Protein	not less than	42.00 PCT
Crude Fat	not less than	10.00 PCT
Crude Fiber	not more than	1.25 PCT
Ash	not more than	11.00 PCT

Minimum order required - Extruded

#7338 • 40% Trout Grow with Diamond V Yeast*

Guaranteed Analysis

Crude Protein	not less than	40.00 PCT
Crude Fat	not less than	10.00 PCT
Crude Fiber	not more than	1.70 PCT
Ash	not more than	8.90 PCT

*Viable Yeast Culture for increased feed conversion and immune system
50 lb - 1/16", 1/8" Extruded Float

Also Available - Minimum order required.

Extruded Float or Sink - 3/32", 5/32", 7/32"

#7311 - Steam Pellet - 3/32", 5/32"

Specialty Diets

#7430 • 32% Minnow Mash

A supplemental growth & maintenance diet for smaller omnivorous fish maintained in natural pond environments.

50 lb - #5, #8 US Screen (Call for Availability)

#7389 • 35% Shrimp Diet

Recommended for intensive production systems (2500 - 4000 kg/hectare) from 4 grams to harvest.

Minimum order required - Steam Pellet - 3/32"

#7388 • 30% Shrimp Diet

Recommended for semi-intensive production systems (1500-2500 kg/hectare) from 4 grams to harvest.

Minimum order required - Steam Pellet - 3/32"

Star Milling Co. Aquaculture Diets Feature:

- High quality protein sources - critical nutrition for the formation of body tissues such as scales, bones, muscle, and nerves
- High quality energy sources - required for growth and maintenance of body tissue and improved weight gains
- Balanced vitamins and minerals, including Stabilized Vitamin C, and amino acids for improved skeletal formation, nerves, and metabolism

All diets are available in either Sack or Bulk in various pellet sizes with minimum orders

Custom Formulation Available

General Feeding Guidelines

- Feed at a rate equal to 3 - 5% of live weight per feeding per day.
- Do not feed more than fish will consume in 15 -25 minutes.
- In a pond environment, feed at or near the same place each day, and at approximately the same time.
- To provide less aggressive fish a greater opportunity to eat and maintain a more uniform population size, distribute feed in several places around the pond.
- Water quality, temperatures, and stocking density should be considered prior to feeding. Dissolved oxygen levels should exceed 4 ppm.

manufacturing a complete line of
aquaculture feeds

Fry Starter & Fingerling Diets

These extruded diets are specifically formulated to provide the required protein, amino acids, and energy levels to initiate a healthy and fast start for improved growth and FCRs. Fry Starter and Fingerling diets have an extra vitamin/mineral pack added to enhance skeletal and muscle growth and development.

#7258 • 48% Fry Starter

Guaranteed Analysis

Crude Protein	not less than	48.00 PCT
Crude Fat	not less than	13.50 PCT
Crude Fiber	not more than	1.70 PCT
Ash	not more than	8.90 PCT

50 lb - #00, #1, #3 Mash & Crumbles (Extruded)

#7038 • 37% Fingerling

Guaranteed Analysis

Crude Protein	not less than	37.00 PCT
Crude Fat	not less than	10.00 PCT
Crude Fiber	not more than	1.25 PCT
Ash	not more than	11.00 PCT

50 lb - 3/32" Extruded Float

Also available - Minimum order required

Extruded Float - 1/8"

Extruded Sink - 3/32", 1/8"

General Pond Diets

#7508 • 35% Pond Diet

Guaranteed Analysis

Crude Protein	not less than	35.00 PCT
Crude Fat	not less than	4.00 PCT
Crude Fiber	not more than	4.90 PCT
Ash	not more than	8.00 PCT

Formulated for use where a variety of species are stocked in ponds or lakes. Includes krill & natural carotenoids.

50 lb - 5/32" Extruded Float

Also available - Minimum order required

1/8", 5/32", 7/32"

#7080 • 38% Koi/Goldfish Diet

Guaranteed Analysis

Crude Protein	not less than	38.00 PCT
Crude Fat	not less than	6.00 PCT
Crude Fiber	not more than	5.70 PCT
Ash	not more than	9.00 PCT
Stabilized Vitamin C		138.90 mg/lb

25 lb - 1/8" Extruded Float

50 lb - 1/8" Extruded Float (Minimum Order Required)

Catfish Production Diets

Diets are formulated to promote maximum growth for production farming of Catfish in earthen pond environments. Inclusion of essential fatty acids, vitamins, minerals, and amino acids are a standard feature. Diets are available in either Extruded or Steamed pellets.

#7158 • 28% Catfish

Guaranteed Analysis

Crude Protein	not less than	28.00 PCT
Crude Fat	not less than	4.00 PCT
Crude Fiber	not more than	7.20 PCT
Ash	not more than	7.20 PCT

Minimum order required

Extruded Float or Sink - 1/8", 5/32", 7/32"

Steam Pellet - 5/32" & #4 Crumble

#7108 • 32% Catfish

Guaranteed Analysis

Crude Protein	not less than	32.00 PCT
Crude Fat	not less than	4.50 PCT
Crude Fiber	not more than	4.00 PCT
Ash	not more than	8.50 PCT

50 lb - 7/32" Extruded Float

50 lb - 5/32" & #4 Crumble Steam Pellet

Also Available - Minimum order required

Extruded Float or Sink - 1/8", 5/32", 7/32"

#7121 Medicated with Terramycin 100

50 lb Steam Pellet - 5/32" & #4 Crumble (Call for Availability)

#7148 • 36% Catfish

Guaranteed Analysis

Crude Protein	not less than	36.00 PCT
Crude Fat	not less than	4.50 PCT
Crude Fiber	not more than	4.40 PCT
Ash	not more than	7.80 PCT

Specifically formulated to meet the nutritional demands & promote the rapid growth of fingerlings during the early phase of grow-out.

Minimum order required

Extruded Float or Sink - 3/32", 1/8", 5/32", 7/32"

Tilapia Production Diets

Extruded floating pellets - Attention has been given to include the essential fatty acids, vitamins, minerals, and energy along with a balance of amino acids to support rapid growth and production.

#7458 • 32% Tilapia

Guaranteed Analysis

Crude Protein	not less than	32.00 PCT
Crude Fat	not less than	3.50 PCT
Crude Fiber	not more than	3.50 PCT
Ash	not more than	8.90 PCT

Minimum order required

Extruded Float - 3/32", 1/8", 5/32"

#7358 • 35% Tilapia (Regular)

Guaranteed Analysis

Crude Protein	not less than	35.00 PCT
Crude Fat	not less than	5.00 PCT
Crude Fiber	not more than	3.50 PCT
Ash	not more than	8.90 PCT

50 lb - 1/8" Extruded Float

Also available - Minimum order required

Extruded Float - 3/32"

#7118 • 35% Hi-Production Tilapia

Guaranteed Analysis

Crude Protein	not less than	35.00 PCT
Crude Fat	not less than	4.80 PCT
Crude Fiber	not more than	4.00 PCT
Ash	not more than	8.90 PCT

Minimum order required

Extruded Float - 3/32", 1/8", 5/32"
