#### Ultra Balance Premium All Season Diet

This premium color-enhancing diet provides optimum levels of digestible protein, energy, vitamins, and minerals. It includes the essential amino acids for the overall growth, health, and performance of your Koi when fed as directed. Formulated for water temperatures 64°F (18°C) and above .

#### Ultra Balance Premium Wheat Germ Diet

Our Wheat Germ diet improves digestibility, keeping ammonia excretion to a minimum and promoting improved water quality. With added natural color enhancers and the essential amino acids, vitamins, and minerals this diet may be fed year round to maintain overall body condition of fully mature fish. Formulated for water temperatures above 41°F (5°C).
