

FEATURES	BENEFITS
Less Wastage	Horse consumes more, therefore more available nutrients are received
Cubed Form	No hassle with baled hay and storage. 75% less space needed
Decreased Nutrient Loss Due to Cubing	More nutrients available due to fewer leaves lost in handling

HAY CUBES

675

ACE-HI HAY CUBES are a minimum 15% crude protein derived directly from suncured alfalfa hay. Cubes do not undergo the same type of processing that alfalfa pellets do. Horses fed hay cubes chew the feed longer, making them less likely to crib or chew wood. This extended chewing also aids in easier digestion because the saliva is mixing with the hay longer, breaking down the cubes and releasing digestive enzymes.

FEEDING DIRECTIONS

Horse Weight	Lbs of Ace-Hi Hay Cubes
400-600 lbs	6-9 lbs
600-800 lbs	9-12 lbs
800-1000 lbs	12-15 lbs
1000-1200 lbs	15-18 lbs
1200-1400 lbs	18-21 lbs

GUARANTEED ANALYSIS

CRUDE PROTEIN	Not less than	15.0 %
CRUDE FAT	Not less than	1.5 %
CRUDE FIBER	Not more than	30.0 %
ASH	Not more than	12.0 %

INGREDIENTS

Suncured Alfalfa Hay.
