

HIGH COUNTRY HORSE FEED (8036)

Kelley's High Country Horse Feed is a 12% protein feed composed of crimped oats, rolled barley and rolled corn. Nutritionally balanced with all the needed vitamins and minerals. This energy-rich supplement can be fed to horses that are non-working, working, showing or in training. Kelley's High Country Horse Feed is balanced with the right amount of carbohydrates, proteins, vitamins, minerals and in respect to the calcium-phosphorus ratio.

Feeding Directions: Feed Kelley's High Country Horse Feed the recommended amount shown below, per 100 lbs of body weight, daily. Level of feeding should be adjusted for each individual horse based on level of activity. This feed is designed to be fed with good quality hays, pellets or cubes.
