

PREMIUM ALFALFA CUBES (3092)

Kelley's Premium Alfalfa Cubes are a minimum 15% crude protein derived directly from premium choice alfalfa hay. Cubes do not undergo the same type of processing that alfalfa pellets do. Horses fed alfalfa hay cubes are less likely to crib or chew wood due to the increase in chewing time. In addition, the increase in chewing time leads to an increase in digestibility since the saliva is mixing with the alfalfa hay longer, breaking it down and releasing digestive enzymes.

Feeding Directions: Feed Kelley's Premium Alfalfa Cubes according to the following suggestions:

WEIGHT OF HORSE	KELLEY'S PREMIUM ALFALFA CUBES (Per Day)
400-600 lbs	6-9 lbs
600-800 lbs	9-12 lbs
800-1000 lbs	12-15 lbs
1000-1200 lbs	15-18 lbs
1200-1400 lbs	18-21 lbs

GUARANTEED ANALYSIS

CRUDE PROTEIN	Not Less Than	15.0 %
CRUDE FAT	Not Less Than	1.5 %
CRUDE FIBER	Not More Than	30.0 %
ASH	Not More Than	12.0 %

INGREDIENTS

Alfalfa Hay.

FEATURES

LESS WASTE

DECREASED STORAGE SPACE

DECREASED NUTRIENT LOSS DUE TO CUBING

BENEFITS

Horse consumes more, therefore more available nutrients are received

75% less space needed for cubes as opposed to baled hay

More nutrients available due to fewer leaves lost in handling
