

4-WAY MIX SWEET FEED (8020)

Kelley's 4-Way Mix Sweet Feed is a 9% protein ration that consists of three rolled grains: barley, corn and oats. It is sprayed with molasses to add to its palatability. While Kelley's 4-Way Mix Sweet Feed is a good, all-around livestock feed for horses, cattle, sheep and goats, it is lower in protein than most feed. No vitamins or minerals have been added to this supplement. Feed with good quality roughage.

Feeding Directions: Feed at a rate of $\frac{1}{2}$ lb to 1 lb per 100 lbs of body weight, depending on the level of activity, production and growth.
