

HEN SCRATCH FEED (8052)

Kelley's Hen Scratch Feed is a 9% protein feed that can be fed to adult birds, wild ducks, wild birds and other types of waterfowl if they are running free in the yard and are able to scavenge bugs as additional sources of protein.

Kelley's Hen Scratch Feed can also be fed to broilers as a supplemental product.

There are no vitamins or minerals added, so feed laying hens an additional source of calcium. Supplement with oyster shell to meet the laying hens' calcium requirements.

GUARANTEED ANALYSIS

CRUDE PROTEIN	Not Less Than	9.00 %
CRUDE FAT	Not Less Than	2.00 %
CRUDE FIBER	Not More Than	5.00 %
