

STARTER MASH (8014)

Kelley's Starter Mash is a formulated 20% protein mash that was designed to be fed to baby chicks as the sole ration, whether they are being raised as broilers or laying hens.

BROILER PROGRAM

Feed from day 1 to 6 weeks. At 6 weeks begin changing to Kelley's Grow Mash. Make sure there is fresh water available at all times, and make sure feeder is clean and clear of debris.

EGG PRODUCTION PROGRAM

Begin feeding from day 1 to 6 weeks of age. At 6 weeks change over to Kelley's Grow Mash.
