

FEATURES

BENEFITS

High-Quality Protein Sources

SOYBEAN MEAL

Needed for building body tissue, skin, hair, muscle, and nervous system

High-Quality Energy Sources

BARLEY, SORGHUM,
WHEAT BRAN

Energy is fuel for the body for work, growth and milk production

High-Quality Roughage Sources

SUNCURED ALFALFA MEAL
DEHYDRATED ALFALFA MEAL

Needed for microbial synthesis of protein and normal cecum function

Nutritionally Balanced Vitamins and Minerals

Needed for metabolism, skeleton formation, nerves, body fluid regulation and enzymes

Medicated

OXYTETRACYCLINE

Increases rate of gain and improves feed efficiency

SPECIAL RABBIT MEDICATED PELLETS

622

ACE-HI SPECIAL RABBIT MEDICATED PELLETS are a 16% crude protein ration with 20% crude fiber. Formulated with only high-quality ingredients, this formula is suitable for does and their litters. Medicated with oxytetracycline to improve growth and feed efficiency, ACE-HI SPECIAL RABBIT MEDICATED PELLETS are a great start for all rabbits.

FEEDING DIRECTIONS

Feed doe before she kindles, 5 oz - 6 oz per day.

After doe kindles, feed 10 oz - 12 oz per day, getting up to this amount at the end of the 4th or 5th day.

At the 3rd week for a doe and litter of 7 to 8 bunnies, feed 18 oz per day.

4th week - feed 24 oz per day.

5th week - feed 30 oz per day.

6th week - feed 36 oz per day.

GUARANTEED ANALYSIS

CRUDE PROTEIN	Not less than	16 %			
CRUDE FAT	Not less than	4 %	ASH	Not more than	11 %
