

Integrity[®]

performance

Integrity Performance is formulated to fuel the working horse. This formula is high in fat and does not contain the starch grains corn or barley, minimizing the blood glucose surge. Integrity Performance is similar in ingredient composition to Integrity Adult/Senior, but with higher protein and fat, which will benefit horses in peak athletic condition.

Textured/Multiform Feed

Crude Protein: 14% min.
Crude Fat: 10% min.
Crude Fiber: 11% max.

Primary Ingredients:
Beet Pulp Shreds, Rice Bran, Wheat Bran, Whole Oats, Soybean Meal, Soyhull Pellets, Cane Molasses, Canola Oil, Whole Ground Flaxseed, probiotics, prebiotics, yeast culture (*Saccharomyces cerevisiae*), vitamins, minerals

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Activity Level	800 lbs	900 lbs	1000 lbs	1100 lbs	1200 lbs
Light Work	Feed Integrity Adult/Senior or Integrity Timothy (see panel for feeding guidelines)				
Moderate Work	Up to 5 1/3 lbs	Up to 6 lbs	Up to 6 2/3 lbs	Up to 7 1/3 lbs	Up to 8 lbs
Heavy Work	Up to 6 lbs	Up to 6 3/4 lbs	Up to 7 1/2 lbs	Up to 8 1/4 lbs	Up to 9 lbs
Very Heavy Work	Up to 8 lbs	Up to 9 lbs	Up to 10 lbs	Up to 11 lbs	Up to 12 lbs

Integrity[®]

stabilized rice bran meal/nugget

The Benefits of Stabilized Rice Bran Over Unstabilized:

- Prevents rancidity and digestive upset
- Longer shelf-life
- Increased palatability
- Consistent fat content

Integrity Rice Bran can be added to any Integrity formula to increase overall fat content. At 20.5% fat, a small amount of Integrity Rice Bran can go a long way. It is calcium - phosphorus balanced, and fortified with added omega fatty acids, probiotics, prebiotics, and vitamins. Integrity Rice Bran will provide horses with additional calories for growth, weight gain, or performance.

Crude Protein: 12.5% min.
Crude Fat: 20.5% min.
Crude Fiber: 9.5% max.

Primary Ingredients:
Stabilized Rice Bran, Calcium Carbonate, Soybean Oil, Flaxseed Oil, yeast culture (*Saccharomyces cerevisiae*), Vitamin E, probiotics, prebiotics, Vitamin A

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Activity Level	
1 – 2 years	1/2 to 3/4 pound
3 years	Up to 1 pound
Maintenance	Up to 1 pound
Light Work	Up to 1 1/2 pounds
Moderate Work	1 – 2 pounds
Heavy Work	1 – 2 pounds
Very Heavy Work	Up to 2 pounds
Pregnant Mares, 8th to 11th month	1 – 1 1/2 pounds
Lactating Mares, 1st to 3rd month	1 – 2 pounds
Lactating Mares, 3rd month to weaning	1 – 1 1/2 pounds
Breeding Stallion	Up to 2 pounds

The Benefits of Integrity Horse Feeds

- All Integrity Horse Feeds are manufactured at Star Milling's own facility in Perris, CA.
- Star Milling Co. is a medication/drug free facility that does not blend antibiotics, anthelmintics, ionophores, or coccidiostats into any of the feeds it produces.
- Each formula is a fixed formula – the same ingredients and amounts go into every bag.
- All Integrity Horse Feeds, with the exception of Rice Bran, are balanced formulas, and do not require additional supplementation.
- Formulated with a focus on promoting digestive health
- Low starch formula options.
- Specific formulas available with or without molasses.
- Does not contain alfalfa.
- Does not contain corn or barley.
- Formulas are consistent in ingredient composition, making it easy to transition between formulas as needed.

Integrity Horse Feeds' balanced formulas were formulated to complement the forage portion of the horse's diet. Most adult horses require 1.5 – 2.0% of their body weight in forage per day.

Feeding amounts can vary with individual horses. The horse's level of activity, Body Condition Score, body weight, and environment will influence the amount fed.

The suggested minimum daily amount of Integrity Horse Feeds is 1 1/2 - 2 pounds per day**

**Does not apply to Integrity Rice Bran or to horses under 800 lbs

Feed by weight, not by volume. As the chart below shows, different amounts of feed will fit into the same size measuring container.

Integrity Horse Feed	Cups per 1 Pound	Pounds per 8 Quart Bucket	Pounds per 3 Pound Coffee Can
Performance	4.5	7.1	2.7
Adult/Senior	4.5	7.1	2.7
Growth	4	8	3
Lite	4	8	3
Adult/Senior (No Molasses)	4	8	3
Rice Bran Nugget	3.75	8.5	3.2
Lite (No Molasses)	3.75	8.5	3.2
Timothy	3.5	9.1	3.4
Rice Bran Meal	3	10.7	4
Mare & Foal	3	10.7	4

for the health and nutritional Integrity of your horse

Integrity[®]

mare & foal

Integrity Mare & Foal is formulated to support the nutritional needs of mares during later stages of pregnancy and during lactation. It is also formulated for nursing and weanling foals. The 5/32 inch pellet is easy for foals to chew and swallow. This feed has a balanced profile of amino acids, vitamins and minerals, and contains sources of omega-3 fatty acids.

Pelleted Feed

Crude Protein: 16% min.
Crude Fat: 6.5% min.
Crude Fiber: 10.5% max.

Primary Ingredients:
Wheat Bran, Soybean Meal, Rice Bran, Ground Oats, Soybean Hulls, Whole Ground Flaxseed, Canola Oil, Cane Molasses, probiotics, prebiotics, yeast culture (*Saccharomyces cerevisiae*), vitamins, minerals

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Life Cycle	800 lbs	900 lbs	1000 lbs	1100 lbs	1200 lbs
Pregnant Mares 1st to 6th month	Continue to feed the Integrity formula that is appropriate to the mare's workload (Integrity Timothy, Lite, Adult/Senior, Performance)				
Pregnant Mares 7th to 8th month	Feed Integrity Growth (see panel for feeding guidelines)				
Pregnant Mares 9th month to foaling	4 - 6 lbs	4 1/2 - 6 3/4 lbs	5 - 7 1/2 lbs	5 1/2 - 8 1/4 lbs	6 - 9 lbs
Lactating Mares up to 12 weeks after foaling	4 - 8 lbs	4 1/2 - 9 lbs	5 - 10 lbs	5 1/2 - 11 lbs	6 - 12 lbs
Mares after weaning	Transition back to the Integrity formula that is appropriate to the mare's workload (Integrity Timothy, Lite, Adult/Senior, Performance)				
Creep Feeding Foal	Feed as early as 3 weeks of age, no later than 8 weeks of age. Initially feed ½ pound per day, split into 2 feedings. Remove any feed leftover from the previous meal.				
Weanlings up to 1 year	Body weight varies during the growing phase. Feed 1/2 - 3/4 pound per 100 pounds of the weanling's body weight daily with quality forage.				

Integrity[®]

growth

Integrity Growth is a balanced formula for young horses during the active stages of growth. Horses 10-12 months of age up to 3 years of age, including those in training, will benefit from the balanced protein sources, amino acids, vitamins, and minerals. Integrity Growth also promotes intestinal health as the young horse's digestive system develops with age. This formula may also be fed to pregnant mares during the midterm of pregnancy.

Textured/Multiform Feed

Crude Protein: 15% min.
Crude Fat: 8.5% min.
Crude Fiber: 11.5% max.

Primary Ingredients:
Beet Pulp Shreds, Soybean Meal, Wheat Bran, Whole Oats, Soy Hull Pellet, Cane Molasses, Rice Bran, Canola Oil, Whole Ground Flaxseed, probiotics, prebiotics, yeast culture (*Saccharomyces cerevisiae*), vitamins, minerals

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Life Cycle	
10 - 12 months	Feed 1/2 - 1 pound per 100 pounds of horse's body weight daily. Younger horses require more feed during faster growth periods compared to older growing horses.
2 to 3 years	Feed 1/2 - 3/4 pound per 100 pounds of horse's body weight daily.
Over 3 years	Horses that have reached maturity should be fed the Integrity formula suitable to the horse's workload (Integrity Timothy, Lite, Adult/Senior, Performance)
Pregnant Mares 7th to 8th month	Feed up to 1/2 pound per 100 pounds of horse's body weight daily.

Integrity[®]

timothy

Integrity Timothy is formulated for adult horses over 3 years of age that are active or in light to moderate work. This feed does not contain high starch grains, but provides fuel for a working horse with rice bran, wheat bran, and canola oil. It is an ideal Integrity formula for horses that prefer a pellet form of feed.

Pelleted Feed

Crude Protein: 14% min
Crude Fat: 7.25% min.
Crude Fiber: 16.5% max.

Primary Ingredients:
Wheat Bran, Soybean Hull, Rice Bran, Timothy Hay, Soybean Meal, Whole Ground Flaxseed, Cane Molasses, Canola Oil, probiotics, prebiotics, yeast culture (*Saccharomyces cerevisiae*), vitamins, minerals

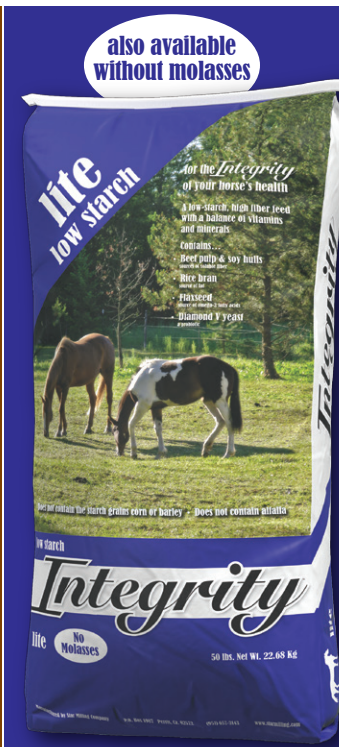

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Activity Level	800 lbs	900 lbs	1000 lbs	1100 lbs	1200 lbs
Maintenance	Up to 4 lbs	Up to 4 1/2 lbs	Up to 5 lbs	Up to 5 1/2 lbs	Up to 6 lbs
Light Work	Up to 5 1/3 lbs	Up to 6 lbs	Up to 6 2/3 lbs	Up to 7 1/3 lbs	Up to 8 lbs
Moderate Work	Up to 6 lbs	Up to 6 3/4 lbs	Up to 7 1/2 lbs	Up to 8 1/4 lb	Up to 9 lbs
Heavy Work	Up to 8 lbs	Up to 9 lbs	Up to 10 lbs	Up to 11 lbs	Up to 12 lbs
Very Heavy Work	Feed Integrity Performance (see panel for feeding guidelines)				

Integrity[®]

low starch lite

Integrity Lite is an ideal feed for companion horses, infrequently ridden horses, senior horses, laid-up horses, retired horses, easy keepers, and overweight horses. This formula may also be beneficial for horses with specific conditions requiring a low starch diet (consult with your veterinarian). Available with or without molasses, it is the lowest starch formula of all Integrity Horse Feeds. Integrity Lite is a grain free formula with modest protein, modest fat, and high fiber, promoting digestive health.

Textured/Multiform Feed

Crude Protein: 13.5% min.
Crude Fat: 7.3% min.
Crude Fiber: 20.0% max.

Primary Ingredients:
Beet Pulp Shreds, Soy Hull Pellet, Oat Hay Pellet, Soybean Meal, Wheat Bran, Cane Molasses, Canola Oil, Whole Ground Flaxseed, Rice Bran, probiotics, prebiotics, yeast culture (*Saccharomyces cerevisiae*), vitamins, minerals

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Activity Level	800 lbs	900 lbs	1000 lbs	1100 lbs	1200 lbs
Inactive/ Maintenance	Up to 4 lbs	Up to 4 1/2 lbs	Up to 5 lbs	Up to 5 1/2 lbs	Up to 6 lbs
Light Work	Up to 5 1/3 lbs	Up to 6 lbs	Up to 6 2/3 lbs	Up to 7 1/3 lbs	Up to 8 lbs
Moderate Work	Up to 6 lbs	Up to 6 3/4 lbs	Up to 7 1/2 lbs	Up to 8 1/4 lbs	Up to 9 lbs
Overweight	Integrity Lite is low in starch and high in fiber.				
Special Dietary Needs	Consult with your veterinarian for appropriate feed quantities.				

Integrity[®]

low starch adult/senior

Integrity Adult/Senior is formulated to meet the needs of adult and senior horses that are active or in light to moderate work. It contains a modest amount of protein and fat, is higher in fiber, low in starch, and is balanced for vitamins and minerals. Nutritional requirements for adult horses are categorized by workload, not by age. The nutritional requirements for senior and adult horses engaged in the same workload are similar.

Textured/Multiform Feed

Crude Protein: 13.5% min.
Crude Fat: 7.3% min.
Crude Fiber: 16.5% max.

Primary Ingredients:
Beet Pulp Shreds, Soy Hull Pellet, Soybean Meal, Rice Bran, Cane Molasses, Wheat Bran, Oat Hay Pellet, Whole Oats, Canola Oil, Whole Ground Flaxseed, probiotics, prebiotics, yeast culture (*Saccharomyces cerevisiae*), vitamins, minerals

For complete ingredient listing, visit www.starmilling.com.

Feeding Guidelines

Activity Level	800 lbs	900 lbs	1000 lbs	1100 lbs	1200 lbs
Maintenance	Up to 4 lbs	Up to 4 1/2 lbs	Up to 5 lbs	Up to 5 1/2 lbs	Up to 6 lbs
Light Work	Up to 5 1/3 lbs	Up to 6 lbs	Up to 6 2/3 lbs	Up to 7 1/3 lbs	Up to 8 lbs
Moderate Work	Up to 6 lbs	Up to 6 3/4 lbs	Up to 7 1/2 lbs	Up to 8 1/4 lb	Up to 9 lbs
Heavy & Very Work	Feed Integrity Performance (see panel for feeding guidelines)
