A diet suitable for both cold and warm water species measuring 3—5 inches in the fingerling phase.

Guaranteed Analysis

Crude Protein	- not less than 40.0%
Crude Fat	- not less than 10.0%
Crude Fiber	- not more than 4.0%

Ingredients

Soybean Meal, Wheat, Fish Meal, Poultry By-Product Meal, Rice Bran, Corn Gluten Meal, Fish Oil, Wheat Midds, Porcine Meat & Bone Meal, Poultry Blood Meal, Dicalcium Phosphate, Soy Lecithin, DL- Methionine, Threonine, Lysine, Calcium Carbonate, Ascorbic Acid, Vitamin A Supplement, Vitamin D Supplement, Vitamin E Supplement, Niacin Supplement, Biotin Supplement, D-Calcium Pantothenate, Menadione Sodium Bisulfite Complex, Riboflavin Supplement, Pyridoxine Hydrochloride, Folic Acid, Thiamine Mononitrate, Vitamin B12 Supplement, Zinc Sulfate, Ferrous Sulfate, Magnesium Oxide, Manganese Sulfate, Copper Sulfate, Ehtylenediamine Dihydriodide, Sodium Selenite, Cobalt Sulfate, Propionic Acid (a preservative), Ethoxyquin.

PRODUCT #	SIZE	FORM
73190205	5 lbs.	2.2 mm. Extruded
73190250	50 lbs.	2.2mm. Extruded

Feeding Directions

Feed this diet to fish 4 to 5 times each day. Feed the amount fish readily consume within 10 minutes. The water temperature and size of fish will determine the amount to be fed.

To provide less aggressive fish a greater opportunity to feed and maintain a more uniform population size, distribute feed in several locations.

Fish activity, water quality, water temperature, and stocking density should be considered prior to feeding.

Store in a cool, dry, ventilated location away from rodents and insects. Do not feed if moldy, spoiled, insect/rodent infested, or if feed has an uncharacteristic odor or appearance, as it may cause illness or death.
